

UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF VIRGINIA
(Big Stone Gap Division)

MELINDA SCOTT,

Plaintiff,

v.

WISE COUNTY DEPARTMENT OF
SOCIAL SERVICES, *et al.*,

Defendants.

Case No. 2:20-cv-00014-JPJ-PMS

Declaration of Joshua Moon

NOW COMES Defendant Joshua Moon, and states as follows:

1. My name is Joshua Moon, and I am one of the Defendants in the above-captioned matter. I am represented by Matthew D. Hardin, whom I retained to defend this case in December, 2020.
2. Attached to this Declaration as collective Exhibit A are invoices which Mr. Hardin has sent me in this matter, all of which I have paid. As a courtesy given the circumstances of this case, Mr. Hardin has waived billing for numerous items in this matter, including but not limited to time spent in discussions with him and correspondence with him. As such, the bills I have received and paid are substantially lower than bills I might have received had Mr. Hardin sought compensation for all the time we spent discussing the case or corresponding about it.
3. I am the records custodian for Kiwi Farms (www.KiwiFarm.net). As a regular part of my day-to-day activities, I manage every aspect of the site and its software, including the networking and device management, and I am active in the management and moderation of the forum community directly.

4. The Kiwi Farms is an online discussion forum that anyone with an Internet connection and email address may join. Specific users may be “verified”. Being “verified” indicates that I have taken steps to ensure the person using an account is who they say they are. I have verified the user “Tamar Yael BatYah” is Melinda Scott. The Kiwi Farms temporarily records the IP address used when accessing the site for various moderation purposes, including for verification. I can tell if an IP is registered for commercial use or for use by residential customers, and if it's an IP “proxy” or not by looking up public information provided by the Internet Service Provider which manages the IP address.
5. The records described below or referenced below are all true and accurate copies of the records of kiwifarms.net.
6. A profile identified with Ms. Scott, with the username “Tamar Yael Batyah”, has made over 2,700 posts on Kiwi Farms. In several of those posts, the user has included images of Ms.Scott. These images include, but are not limited to, “selfies” of Ms. Scott. One one occasion, Ms. Scott intentionally posted photographs of her own (clothed) posterior on Kiwi Farms.
7. Tamar Yael BatYah’s IP addresses have consistently matched where Ms. Scott lives and where she files lawsuits from. Usually, her IP address is registered to a mobile phone or residential location in Southwest Virginia. She recently logged into Kiwi Farms on October 13, 2021 using a mobile phone from an address in Tennessee. On that date, she challenged me to something akin to a duel with her boyfriend or husband, stating “Come on Joshua Moon, Marshall won’t waste his time with lawsuits in a Court system he thinks is 100% guaranteed to be evil. You can settle it

in VA like a real man with Marshall, all fists and no attorney's fees. What do you say? @Null." She also posted intimate details regarding her sexual relationship with Marshall Casterson that same day, and stated that she does not fear a judgment against her for attorney's fees ("It's really a non-issue. Virginia Homestead Exemption and Poor Debtors for laws protect everything I own. They will be left with a piece of paper and an empty hand.").

8. "Tamar Yael Batyah's" registered email is <tco.outdoorrec@gmail.com> which is a business email associated with Melinda Scott (Ms. Scott has published books relating to outdoor recreation). The email is "verified" to belong to Ms. Scott and to Tamar Yael Batyah, meaning the Kiwi Farms account was created with the email and then a verification link was sent to the email address before any posts could be made with that profile on Kiwi Farms.
9. The website does not allow posts made by "Tamar Yael Batyah" to be edited.
10. True and accurate copies of posts made to kiwifarms.net by "Tamar Yael Batyah," which is a profile identified with Melinda Scott, are attached as collective Exhibit B. For ease of reference to specific posts made by "Tamar," I have subdivided Exhibit B into Exhibits that bear both a letter and a number (B1 through B14).
11. Specifically, "Tamar," the profile that has been identified as being Ms. Melinda Scott has stated, among other things:
 - a) "I clearly said I sued KF/Mr. Looney Mooney to further my legal education while I was out of law school... And I clearly said Im not a pacifist."

(<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-95#post-5848238>).

- b) "I don't regret filing. I maintain my dignity giving Joshua Moon the middle finger in a legal manner." (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-911#post-8374882>).
- c) "The default was entered, PERMANENTLY. The default judgment is simply an extension of that. I'll give Mr. Joshua Moon his EYE FOR EYE as long as I can! Fuck you Joshua Moon!" (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-702#post-7777910>).
- d) "The reason I filed the lawsuits, even though I'm not bothered by what is said here, is because I reason that it's better to try and be told "no" than not try at all. Instead of waking up years down the road and say "I should have sued him go remove the threads" I take care of business now. Even if the courts say "no" it's better that I at least tried instead of having regrets of not taking action."
(<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-308#post-6363111>).
- e) "And we all know that Joshua Moon is too much of a coward to fight me in mutual combat with fists on some fine Virginia soil. That's why he hides behind a computer. He knows I could kick his ass with my just my fists."
(<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-912#post-8377174>).
- f) "[M]y motives for filing lawsuits were already addressed pages and pages back. It certainly wasn't because I give a fuck what a bunch of uneducated pagans think about me, Marshall or my family. I don't value your opinions about us at all. Why would a lioness care about worms under her foot? They grovel in shit and filth in

the darkness while she moves around freely in the sunshine.”

(<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-222#post-6158804>).

- g) “You guys are bringing traffic to my scholastic work, especially my anti-Polygyny paper. So I actually am ambivalent about whether or not I want these threads removed.” (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-208#post-6024919>).
- h) “To the contrary, my publisher and I already had a talk about this site... If anything, Kiwi Farms will only help me BOOST sales because when educated people (unlike yourself) see me promoting anti-patriarchal, anti-misogynist talk, they will be more than happy to support me. I've already gotten dozens of emails from people reaching out to me about how trashy this site is and sympathetic to my cause to sue you. Opening your mouth and standing against the dumb-masses is actually what has made many politicians, sales people, and book authors FAMOUS Eat Shit.” (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-236#post-6181649>).
- i) “In fact, my arguments with you all have "inspired" a paper I am publishing next month. I'm not giving away the title early, but I think it will be a hit!” (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-716#post-7827395>).
- j) “You guys don't make me feel bad about myself at all. I love myself and I'm blessed. I wake up every day praising Elohim. Actually, the opposite is true: coming here debating you all actually makes me giddy. I get a natural high

watching you Goyim fumble in your folly.”

(<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-999#post-8949562>).

- k) “My reputation on Kiwi Farms is scarcely a cause for alarm. I'm not losing anything from a bunch of uneducated pagans having a bonfire around my name. Big deal, I could care less.” (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-227#post-6168700>).
- l) ““And I did it all proudly with an account that isn't anonymous.” (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-543#post-7328578>).
- m) “My financial status was like that before Kiwi Farms. I take a tremendous pay cut being self employed and homeschooling.” (<https://kiwifarms.net/threads/melinda-leigh-scott-marshall-castersen.32118/page-335#post-6425220>).

12. The foregoing statements, and all of Ms. Scott's other statements, have been made a part of Kiwi Farms' records and are maintained in our internal databases and made available on the Internet.

13. Ms. Scott has sued me repeatedly since 2017 because I refuse to remove content from kiwifarms.net. She has made clear on multiple occasions that she will continue to sue me until that content is removed, despite her failures to state a claim in every lawsuit she has filed against me to date. I fear that if this Court does not make me whole for the attorney's fees I have been forced to incur, Ms. Scott will continue to file meritless litigation against me in an attempt to either bankrupt me or force me to shut down a website that is operating lawfully.

14. Further I say nothing.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

To poor for court, rich enough for a house

There are 0% down options where the mortgage is only \$325/month, and on well water which means no water bill. You know, places that aren't New York City, Washington DC or San Francisco. Big cities are expensive.

If you keep your electric bill around \$125 and have no Cable you can house a family of 7 for only \$500/month. Then keep your discretionary expenses around \$250 for toiletries, clothes, toys, school supplies etc and you're good to go! I was raised poor and I'm old fashioned, I can raise a family on a shoe string budget.

I also subscribe to the saying of the 1930s depression: "Use it up, wear it out, make it do, or do without." I wear clothes with sewn holes and I don't mind. I don't go to women's day Spas, I paint my own nails. I shop at theory stores and flea markets.

I also have a family who is helping me with Owner Financing. Great to know YHWHs people!

Btw, you can qualify for IFP even if you own a house. I have 6 children, most charitable places set qualifications for a household of 7 around a monthly income of \$3,000/month. I'm well below that.

I don't know about you, but that was thousands of years ago. I don't know many jews living today who are okay with incest, but you seem to be so messed up in the head that I'm not surprised that you are. Wouldn't be too shocked to find out that in a decade (if this forum is still around, I guess), your sons would be getting your daughters pregnant.

Sex between siblings is forbidden by The Torah, so that wouldn't happen among my children. Cain and Abel did not marry their sisters either.

Sex between cousins is not forbidden by The Torah. It makes a lot of sense. A woman's male relatives are her first line of defense and love in society. As long as it's not her dad or her Uncle, she can marry any of her cousins. It's a good system. Maybe there would be fewer abused women if women married their cousins. Blood is thicker than water.

"Owner Financing from a family who owns the house and is helping me" leads me to believe that she's being placed in a shed out in a field somewhere and the owner of the shed is holding on to any deed until she pays off the "mortgage".

In other words, she's probably paying \$325 rent to live in a shed without a water main connection and will not hold title to any land.

Not at all. His residence in Florida doesn't invalidate what I said in the other pleadings.

Courts pick and choose when they are going to follow the legal standard. I've seen judges and lawyers break and bend the law all the time in courtrooms and on paper.

In this case, the Default was vacated because they aren't following their own rules and legal standards. Despite my opinion that the legal system is corrupt, I will continue to use it as a matter of dignity. What other option do I have? It's against American laws to assault Joshua Moon.

Remember, the hebrews of old practiced both abortion (only in cases of infidelity), and contraceptives (Silphium was super fucking popular back then and we harvested it to extinction). That some women choose to use them, especially those that have super heavy and painful menstruation or something fucky with it, is fine honestly.

But then we already know this Hole only cares what confirms and enables her to be a selfish and narcissistic hole that uses her kids as assets to pretend she's not a failure.

No, they did not "practice abortion". Israelites practiced genocide of foreign nations which included pregnant women, and they

stoned women for adultery, even if pregnant. You're trying to take my words out of context. In the context of what I'm saying, I'm not using "abortion" to mean the murder of another person's child. I'm saying abortion is purposely killing your own child. There is no justification in The Torah for killing your own child in the womb.

Multiple failed lawsuits against null say otherwise

you can study without commenting. You can just lurk. You can defend your Torah better by shutting up since you're making a mockery of it. Don't lie we xan see right through you

[Click to expand...](#)

There is no such thing as a "failed" lawsuit. Either you (1) get a judgment in your favor or (2) you don't or (3) it's dismissed for settlement. There are multiple reasons for not getting a judgment in your favor, judicial corruption is among them.

It's funny how when you can't think of anything intelligent to say you try to whip out old played out news about lawsuits as a defense. You're attempts at verbal jabs are empty. Nice try though.

And lady, save your breath. I don't care what you think I could or should do on Kiwi Farms. You're in a power struggle to try to boss me around, it's just absolutely childish.

Where did I ever say that I was stopping women from doing what they want with their own bodies?

What I said was: birth control and abortion are EVIL.

If you think The Torah is a mockery because of anything I've said THAT'S ON YOU. It's a Christian thinking that you're trying to use against me. It's no one's job to impress or convince anyone that The Torah is perfect. If you don't praise YHWH's Torah it's because you are evil. No one else but you is responsible for YOUR sin.

No, they did not "practice abortion". Israelites practiced genocide of foreign nations which included pregnant women, and they stoned women for adultery, even if pregnant. You're trying to take my words out of context. In the context of what I'm saying, I'm not using "abortion" to mean the murder of another person's child. I'm saying abortion is purposely killing your own child. There is no justification in The Torah for killing your own child in the womb.

Who have you cursed in private prayer? Elohim doesn't seem to be taking care of Kiwifarms, Joshua and most posters seem fine and dandy.

What violence does the Torah permit?

My private prayers are just that..private.

Appearing "fine and dandy" doesn't mean someone isn't cursed. For one, you don't know everything that is going on in someone's personal life that you can't see. For two, some of the curses of The Torah are less obvious (ie spiritual blindness) to the person. Also, Elohim may choose to wait until the Day of Judgment to avenge. It's not my place to demand when Elohim avenges.

Abel has been patiently waiting 5,780 years. I'm patient too.

"I swear to you, ye righteous, that in heaven the angels record your goodness before the glory of the mighty One.

Wait with patient hope; for formerly you have been disgraced with evil and with affliction; but now shall you shine like the luminaries of heaven. You shall be seen, and the gates of heaven shall be opened to you. Your cries have cried for judgment; and it has appeared to you: for an account of all your sufferings shall be required from the princes, and from every one who has assisted your plunderers." Neither you nor Marshall has ever eaten at a restaurant with 3 Michelin stars. You have no clue about good food. And you don't cook Ashkenazi, Sephardic, or Mizrahi food. You cook white trash pig slop. You and Marshall are fat but the children look scrawny and underfed. The children aren't even getting their fair share of pig swill.

Marshall fat? More like he's a nice thick man. Who obviously likes his woman thick in the right places.

One of the hottest things about Marshall's thick body is his thick legs and big juicy ass. Obviously you don't know that some women like a thick man. **Women are visual**, don't you know.

Oh wait, I just scrolled up to the see whose profile this was I'm writing to. No, you're a Talmudic scholar, wholly sexist. So you don't know women are visual.

Here's some Sex Ed for you: **WOMEN ARE VISUAL**. We like looking at strong legs on a man, a nice wide manly looking ass, and long flowing luscious hair on his head. Marshall can grow some handsome luscious locks of hair. Mmmhm.

I'm not going to get into a pissing contest about what I cook. You have a narcissistic preoccupation with competition and I won't engage.

Both Marshall and I have both lived in very affluent areas where high end restaurants were accessible in many places. He in SF Bay area, me in Metropolitan Northern VA/DC. We've both had our share of big city high culture and fine dining. Thanks for trying to get to know us before making assumptions!

But he's like me in that he knows city life gets old and nothing compares to good home cooking shared in the comfort of one's home. No 5 star restaurant can compare to that.

My children eat fine BTW. My boys are all strong as mules. My girls have complete opposite body types and they both are beautiful and healthy. My \$1200-\$1400/mo grocery bill isn't meager by any means.

Who the fuck cares what "normal" is.

Who the fuck wants to be within the range of "normal" in a fucked up society? No, I can do better than what's "normal".

Aside from the fact that discussing women's sexuality in a philosophical and scientific manner is completely acceptable in the world of academia, I was in fact asked by @Baby Yoda to discuss some aspect of my relationship with Marshall.

Using scientific terminology to discuss women's sexuality is not "intimate details". "Intimate details" would be me describing just how exactly I performed a blow job on Marshall. You were not given information on that. So no, I did not cross any moral boundaries.

If words like "sex" stated in public bother you, you should consider sex therapy.

Space Cooter said: ⑦

Well, now, let's see, if I'm not mistaken - and I'm not - I'm pretty sure that Kiwi Farms entire platform against me was on the basis of attacking how I express my sexuality as a woman. Your old fashioned misogynistic worldview boxing women into some Dark Ages view of woman's sexuality was made quite clear.

So the real issue is here, not that my sexuality is being spoken of on Kiwi Farms, the issue is, you don't like when you can't control the narrative about my sexuality and women's sexuality in general.

CAUGHT YA! Here I go again to POINT OUT YOUR STUPIDITY!

You STILL can't find point A. If I "invent details" AFTER someone did it to me first, that's CALLED EYE FOR EYE. If someone (in your case you and some others) do it first unprovoked, it's lack of education.

Do you see how you can't tell the difference between terms and actions? You aren't smart enough to find POINT A and to differentiate between actions. You talk JUST LIKE THE STALKER. Hell, for all I know, you ARE the Stalker because you have the same disordered thinking. I have an ex-relative who talks like you too. (<---Marshall, THIS, right here)

The same is true of your analysis that this action or that action is a "symptom of narcissism". You throw together isolated details and think you have a correlation. You isolate details inappropriately and talk in circles just to try to make something look like something it's not. You try to call anything that's a rebuttal "narc rage". That's not the correct definition in the least bit. And newsflash Ms. Uneducated: It's not my responsibility to be responsible for other's behavior. You read some shit off a blog about NPD and you think you can just throw terms around but your lack of intelligence just makes the information completely useless in your brain.

And lady, I have already addressed this claim of psychologists that "Refusal to admit flaws is a classic sign of narcissism". It's not in line with Hebraic thinking/The Torah. You don't need to "admit flaws" to be a moral person. Just because some pagan psychologists come up with some definitions of morality doesn't mean it's right. Go back about 25 pages. I already posted the

Moral relativism is actually a good thing. It means you think about what's right and wrong and the severity of it for yourself. An example would be thinking that stealing a loaf of bread for your starving children isn't evil, but stealing money from someone who needs it is.

Unlike moral absolutonists like Melinda who just see any act of stealing as equally wrong. This is shown by her ignorant belief that occasionally watching porn is the same as being addicted to it (the way she was). They're idiots who stubbornly demand that a world cast in shades of grey is actually black and white. Most moral absolutonists are self righteous douche bags like Niggerlinda, who use it to judge their more intelligent moral superiors.

For the first time in 700 pages you started out saying something actually intelligent without being insulting and then you went downhill in the second paragraph

The Hebrew Bible is built on moral absolutes. It's not for humans to try to reinvent morality based on their own feelings.

The Torah isn't eternal because it exists in a physical form, and anything that has been created has an origin point, that's just how reality works. I know you don't like accepting reality but you're gonna have to experience it eventually

The Torah is words. Words exist in the 4th dimension over time. Even as I type to you, my words are coming to you through the 4th dimension (Wi-Fi).

Every letter and word has a frequency. When it is spoken into the air, it travels through sound waves. You cannot see them, but those sound waves are there. The written manifestation of a word is simply one part of a word.

If Elohim speaks The Torah out loud, it exists in sound waves, forever.

Ms. Scott, you posted on here last night at like 1 AM and then were up and posted on here again at like 8:30 in the morning

I fold laundry late at night after my toddler goes to sleep otherwise he will mess up my piles. I also fold laundry after the baby goes to sleep because she needs to be held a lot and I can't fold laundry unless she is sleeping.

I often do chores between 9 pm and 3 am in the morning. Because the children need me a lot in the day, can't get them done when they are awake. But if I go to sleep between 12 am and 3 am I have a stash of energy drinks waiting for me when they all wake my up again at 7:30am. But I only do the 3 am thing a few times a year because my body is all fucked up the next day. Most of the time it's 1 am. But I try to get to bed by 9:30pm if I don't have chores to do. Then the baby wakes me at 11:30pm, 3:30am, 5:30 am, and again usually 7:30am.

I work around the clock because my baby is under the age of 1. When she can drink cow's milk starting at age 1 things will get easier.

Be honest: are the kiwis your only friends? Because I'm getting the feeling you don't actually have anyone else. I won't judge you, it's ok to admit you love the kiwis. They're secretly very nice even if they use mean words sometimes.

I wouldn't say that KF people are my friends. They are part of the larger society in which I live. I engage with society in different ways.

I don't really have time to maintain friendships very much. My 6 children, Torah study, household chores, small business, and homeschooling and formerly trying to bridge a relationship with Marshall take up most of my life. I really don't have a lot of time for friendships unless people live close.

Ever since I started breastfeeding I became pretty home-bound. You really can't go anywhere with a breastfeeding baby, Nobody makes spaces for breastfeeding mothers. In 15 years I've only found 3 stores that have a breastfeeding room for mothers.

It's extremely stressful to try to function in society as a breastfeeding mother, even more so with COVID-19 because every body

removed benches and seats. If my baby starts crying for milk I panic about where I am going to nurse. I sat down in the middle of the self check out at Walmart last week in a chair nursing. I snatched the chair from the Bank across the aisle. A really nice lady stopped and ask me if I needed help. Funny thing is she looked like an Ashkenazi Jew. Maybe her DNA knew mine and that made her feel compassion for me? Ha, anyways, she scanned and bagged all of my groceries for me while I sat and nursed my daughter.

Breastfeeding babies have to eat so frequently and the moment you put them in a car seat they cry. So basically I escape the house long enough to go to the grocery store, the library or shopping.

I talk to some Messianic ladies here and there but they are just as knee deep into raising children and farm animals that they don't have much free time either.

Actually, I have a 75-85% success rate in state court. So *y-o-u-r* information is inaccurate.

My reputation on Kiwi Farms is scarcely a cause for alarm. I'm not losing anything from a bunch of uneducated pagans having a bonfire around my name. Big deal. I could care less. I'm not a co-dependent. And I wouldn't even care if I was the only person in the world that loved and respected myself. It's called self partnering. But I'm not sure a moral ingrate like yourself could even fathom that concept.

Y-o-u-r beliefs about income are also incorrect. The State of Virginia has no "common law" marriage. You are either (1) "cohabitating" (not legally married *and* (a) both names on a lease or (b) one person on the lease and the other person lives there longer than 2 weeks and the relationship is implied romantic) or (2) you are legally married with the same legal residence/lease or (3) you are legally married but legally separated by having two leases.

As already stated, Marshall and I have been legally married from before living together so that he could legally adopt the children that were living in my house before we married. We have two separate leases (as has already been mentioned -- remember, do your homework carefully, it's not my job to coddle *y-o-u-r* ignorance). Went back a good while for this gem... Tamar you ignorant slut: you do realize that KF is full of some highly intelligent and accomplished individuals who value The First Amendment as a core value, yet they aren't as gullible as you are. They heed the warning first given to them when they create their account and protect their identities. This whole, "my dick's bigger than your dick" game is reserved for small brains like yourself, but it's taken you tens of thousands of posts, and you still don't get that you are a simple cat toy.

I highly doubt KF loyal fan base is intelligent, educated or accomplished.

The theme of this site is the anti-thesis of intelligence. Intelligent people don't socially abuse others. Intelligent people don't scapegoat others. Intelligent people don't try to "slut shame" women for Serial Monogamy.

I grew up in one of the most educated areas in the USA. I obtained both an IB Diploma and a Bachelor's degree. I'm a law school drop out. I know how Academics are. This site is like a Bar, not a college campus.

Your attempt at calling me a "cat toy" is something called "re-framing." It's pathetic. Not onl have you completely failed to "toy" with me. I came up on your site and handed your asses to you exposing your ignorance of The Torah and ignorance of female anatomy and just your general stupidity.

And I did it all proudly with an account that isn't anonymous. But I know why you hide behind fake profiles. Your sociopathic behavior is both shameful and wrong, and you know it.

May YHWH keep cursing you Goy!

May YHWH keep cursing all you Goyim!

"Indeed, you place them on a slippery slopea andmake them fall to their ruin." (Ps. 73:16)

EXHIBIT # B14

My financial status was like that before Kiwi Farms. I take a tremendous pay cut being self employed and homeschooling. Now with Corona Virus most people are now in my shoes. They are quarantined from physical sickness I quarantine me and my clan from spiritual sickness. Social distancing...for spiritual reasons

If I saw Marshall walking down the sidewalk I would cross the street to avoid him. He looks like a hobo.
